007

A young woman with dark hair and a green backpack is shown in profile, looking upwards. The background is a bright blue sky with many yellow leaves falling around her. The scene is peaceful and nostalgic.

It still feels like I'm so far
away from everyone else...

But it's still great to be
able to paint here...

SWING SET

Will anyone be
here? It's already
so late...

Back already?

Yeah...

Why would he be here so late?

Well, keep up the good work... I'm gonna go upstairs...

*What could she need at
the studio this late?*

SMASHING WALLS

**Are we seriously
going to do this,
boss?**

What other choice do we have? We need money!

But this won't really save us much!

Labor costs have soared these past two years. We'll need more money for Yi Nuan's home renovation...

Or can you pay 1500 out of pocket?

The truth is, not only can you experience something different in smashing walls, you'll get a good workout as well!

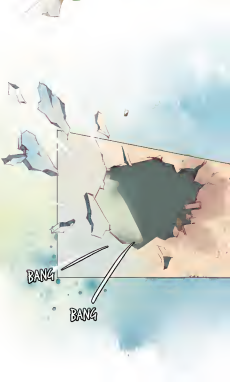

The real question is: Why is this hammer so big?

When people hear this, they say, "That's not what I want!"
do well in their work and in their life!

Energy courses
through my veins...

Just let me enjoy the
feeling of youth burning
up inside me!

Alright. You do you.
I'm gonna head out to
the balcony for a bit.

Have some water,
Hao Bo.

According to
this schedule, we'll be
done with the demor-
lition in two days.

That's all thanks to Yue
Zheng Yu and his youth...

Tonight, I'll invite you
guys over for hot pot,
so work out those
muscles of yours~!

No way...! Is
Yao actually treating
us to food?

Am I really
that stingy...?

C'mon now, I
was just expressing
my excitement!

Oh right, why
isn't Master Xiao
here today?

He's got
afternoon
classes.

Why is he busy
every time we have
to do something
like this?

Huh? Got
something
to say?

N... Nothing at
all! There's no reason
your prince should have
to do such rough
physical labor!

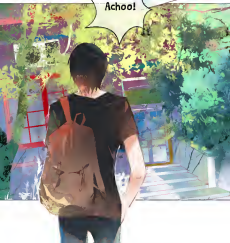

I'm gonna get back to work!
You guys take your time!

Tonight, I'll invite you guys over for hot pot, so work out those muscles of yours~!

Hot pot is a type of way of eating in Chinese culture. You put a pot of boiling stock or water over a burner in the middle of the table, and everyone puts raw meats, veggies, etc. and cooks their food in the hot pot. It's usually a festive meal for holidays or gatherings.

This hot pot has two compartments: one for spicy, and one for not spicy.
